Card, Paper & Envelopes Size Guide

Card Blanks

Card blanks are described by their measurements once folded. For example an A5 card blank is an A4 sheet which when folded in half becomes a card with an A5 sized front.

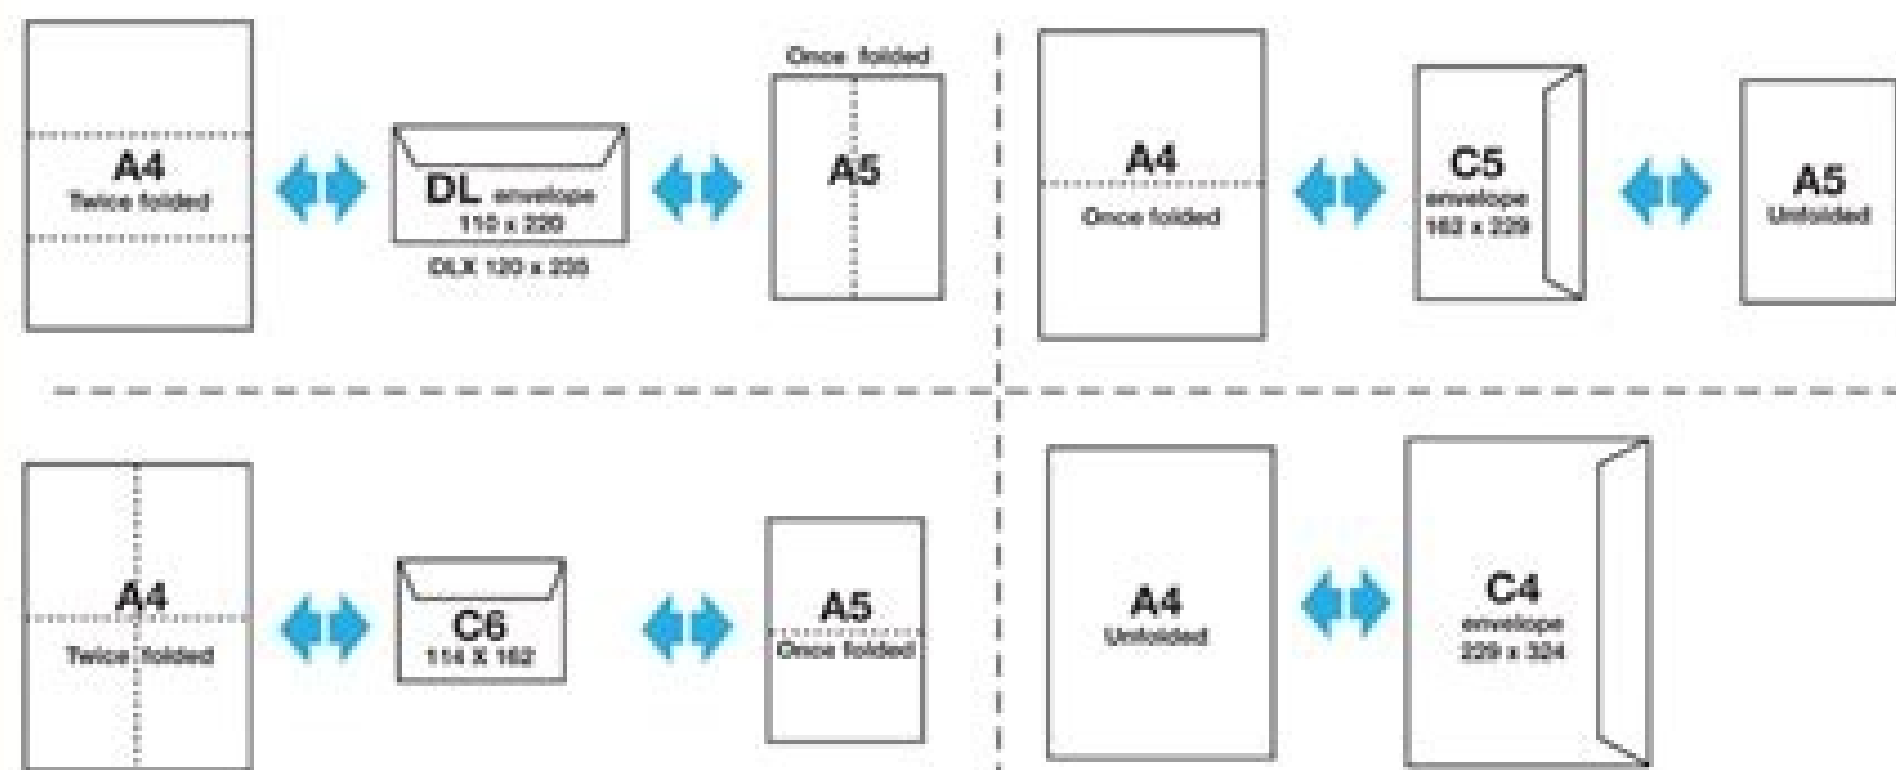

Envelopes

Envelopes are named similarly to the size they're designed to fit and are slightly larger than that size. If they were the exact same size as the card, the card wouldn't fit.

Envelope and Paper Size Chart

A guide on how to fold an A4 sheet of paper inside your envelope.
